Samengesteld door Mounir Samuel

1. Ten geleide en voorlezing bijbeltekst

Psalm 126:5

Zij die met tranen zaaien, zullen oogsten met gejuich (NBV)

They that sow in tears, will reap in joy (KJV)

2. By the sun (feat. Sofiane Pamart) – Kimberose

*We were kissed by the sun
Holding hands under the tree of love
This life you give me
It's all love
We were kissed by the sun
Now we are children of love indeed
This truth you're speaking
It's all love*

*It's all love, it's all I got for you
This warm embrace
It's all love, love is on my lips
Something sweet to taste*

*We were kissed by the sun
Holding hands under the tree of love
This life you give me
It's all love
We were kissed by the sun
Now we are children of love indeed
This truth you're speaking
It's all love*

*It's all love, all I got for you
This sweet caress
It's all love, love is on your lips
As I was kissed by grace*

*We were kissed by the sun
Now we are children of love indeed
This truth you're speaking
It's all love*

*My love for you is summer
In the winter blues
Be all mine
I promise we'll be
We'll be found*

*It's all joy, it's all for love
'Cause I see your face in it
We were kissed by the sun
Holding hands under the tree of love
This life you give me
Is it love?*

4. Find the light (feat. The Brilliance) – Paul Whitacre

*It's ok to say you're not alright,
I feel that too.
You're broke down, hope's drowned,
no end in sight, the lies break through.
When the days get dark try to find the light,
it's all around.
When the beat of your heart cries for new life
it can be found.
It's too late to cave, just start the day,
you're here now.
Don't look back or wish that,
your heart could change some time, some how.*

*When the days get dark try to find the light,
it's all around.
When the beat of your heart cries for new life
it can be found.*

5. Kahlil Gibran

Vreugde en verdriet

6. We Got Love (feat. Ms. Lauryn Hill) – Teyana Taylor

*We got love, love, love
You better believe it (Say, love, love)
We got love, love, love
You better believe it*

*I got house and the carriage, yeah
I got black love and marriage, yeah
They gon' say, "You can't have it," but
I'm like, "Don't kill the messenger"
We gon' break the stigma up*

*Huxtables turned to Obamas
It ain't about where you been, where you from, what you got, it's all about love
Self-love is the best love
When you gon' take that wristband off?
That pity party been over
Don't need makeup to dress you up
I gave birth on the bathroom floor
Just me, Iman, and headphone cords
Don't let this life defeat you
I hope this message reach you*

*Throw your hands up
Play catch with the hundreds
Love is the new money
I'm just chillin' with the homies, home is where the heart is
Throw your hands up
Play catch with the hundreds
Love is the new money
I'm just chillin' with the homies, home is where the heart is, ah*

*We got love, love, love
You better believe it (Say, love, love)
We got love, love, love
You better believe it (Say, love, love)*

*I lived in abundance
Love is the new money
I'm mentally wealthy
Spiritually conscious
I'm fresh outta Onyx
I'm ballin' and ballin'
I play with the hundreds
Love is the new money
That's my frequency
Spark up, burn the sage
Clear the room, kill the hate
Love is the new wave*

*Play catch with the hundreds
Love is the new money
I'm just chillin' with the homies, home is where the heart is, ah
Play catch with the hundreds
Love is the new money
I'm just chillin' with the homies, home is where the heart is, ah*

*We got love, love, love
You better believe it (Love, love, say)
We got love, love, love
You better believe it (Love, love, say)
We got love, love, love
You better believe it (Love, love, say)
We got love, love, love*

You better believe it (Love, love, say)

Play catch with the hundreds

Love is the new money

I'm just chillin' with the homies, home is where the heart is, ah

Play catch with the hundreds

Love is the new money

I'm just chillin' with the homies, home is where the heart is, ah

[Interlude: Ms. Lauryn Hill & Teyana Taylor]

Above all, you keep your clarity

You keep your focus

You keep your sense of love

And you keep your sense of purpose

Those are, they're integral, you know, they're key

Happiness, you know, um

A lot of people define success differently

You know, for me, you can have everything

You can have all the money in the world

But if it's not enjoyable, if it's not sustainable, know what I mean?

If you can't be a person of integrity while having all of these things

What does it matter? What does it mean?

The value is internal

Your value is internal

We got love, love, love

You better believe it (Say, love, love)

We got love, love, love

You better believe it (Say, love, love)
